HAVILAND LEADS

IN ARCANUM POOL. Pendleton Upsets Friswell's Chances to Tie for First Place.

For a short time Thursday night Friswell was tied with Haviland for the lead in the handicap pool tourns ment at the Arcanum club, but befor the evening was over he had lost his last chance for a shot at first place unless Haviland should fall down in the one remaining game he has to play with Pendleton. When play for the evening was over Haviland had an undisputed hold on first place with none to threaten him if he keeps up the same gait he has struck in all his re

cent games.

Friswell and Jordan were the only two who had a chance to tie Haviland so that when they started to play off on Thursday night there was much interest in the game. On their handicap Jordan had to get 30 to Friswell's 85. But Friswell started like a winner playing an accurate, careful game that enabled him to crawl gradually away from Jordan. The latter also was away off form, missing numerous comparatively easy shots. When Friswell had 39, Jordan had 33, and from then on Friswell drew away fast, run ning out his 85 when Jordan was on short of 50. This brought Friswell u to a tie with Haviland for first place and relegated Jordan to a tie with several others for second place. Meanwhile Haviland was setting

himself ahead again by taking a game from Stearns on the other table, 90 to Friswell then met his Waterloo when he tackled Pendleton for their

tournament game. Pendleton got off to a flying start which seemed to unto a flying start which seemed to unnerve Friswell, who shot far differently from what he had showed in the
game with Jordan. Pendleton kept
pifing up a nice row of buttons on the
wire while Friswell could not get
things rolling right and finally had to
succumb to defeat, 80 to 46.

Jordan, Friswell and Pierson are
now tied for second place and each
has one game to play.

Other games played during the evening were two by Harwood, which

ing were two by Harwood, which wound up his assignments with a double victory. He is one of the scratch men, but has not been in his old form as a wizard of the oue. Thurs day night he defeated Smith, 120 t 43, and Stearns, 120 to 56.
